Clarity, Loving Kindness & Humility in the Practice of Sandplay

June 2019

"And since all this loveliness can not be Heaven, I know in my heart it is June." -Abba Woolson

The loveliness of June is reflected in a June stone named Alexandrite, which is the highly regarded color changing variety of Chrysoberyl. The color of Alexandrite changes under different lighting conditions. If viewed in daylight, its color is greenish blue to dark yellow-green. If viewed in incandescent or candle light, its color is pink to red. This shifting identity echos the use of Sandplay symbols: the two sides of the symbol and what it holds within its sacred space.

Miniatures for Sale at AST Website

Generous donations have allowed AST to offer top quality miniatures for sale. These collections are from established, working Sandplay practitioners who have retired. Their work will continue on in your practice when added to your shelves. The figures are divided into lots for purchase. Amazing groups of people, buildings, households, animals, fantasy and mythical items are ready for shipping.

Check out the lots at the association website. New lots will be added frequently, so visit often.
